

Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to admissions@nursing.wisc.edu.

Prerequisite	Course Options (most common)	Alternative Courses (to satisfy prerequisite)
Chemistry (incl. lab)	806 241 Introductory Chemistry 806 245 College Chemistry 1	806 249 College Chemistry II
Microbiology		
Human Anatomy	806 177 General Anatomy and Physiology <i>and</i> 806 179 Advanced Anatomy and Physiology	
Human Physiology (incl. lab)	806 177 General Anatomy and Physiology <i>and</i> 806 179 Advanced Anatomy and Physiology	
Psychology (introductory)	809 251 Introduction to Psychology
