

## Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to [admissions@nursing.wisc.edu](mailto:admissions@nursing.wisc.edu).

<b>Prerequisite</b>	<b>Course Options (most common)</b>	<b>Alternative Courses (to satisfy prerequisite)</b>
<b>Chemistry (incl. lab)</b>	CHEM 101 General Chemistry I CHEM 115 Chemical Science	CHEM 102 General Chemistry II CHEM 113 Chemical Principles I
<b>Microbiology</b>	BIOS 202 General Microbiology	BIOS 190 Fundamentals of Human Nutrition BIOS 303 Microbiology CHEM 321 Organic Chemistry I CHEM 322 Organic Chemistry II
<b>Human Anatomy</b>	*BIOS 105 Human Physiology and Anatomy I <i>and</i> BIOS 106 Human Physiology and Anatomy II	
<b>Human Physiology (incl. lab)</b>	*BIOS 105 Human Physiology and Anatomy I <i>and</i> BIOS 106 Human Physiology and Anatomy II	
<b>Psychology (introductory)</b>	PSYC 101 Introduction to Psychological Science
