

Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to ugadmit@son.wisc.edu.

Prerequisite	Course Options (most common)	Alternative Courses (to satisfy prerequisite)
Chemistry (incl. lab)	806 245 Principles of General Chemistry 1	806 249 Principles of General Chemistry 2
Microbiology	806 197 Microbiology	806 186 Introduction to Biochemistry
Human Anatomy	*806177 General Anatomy and Physiology <i>and</i> 806179 Advanced Anatomy and Physiology	*806207 Anatomy and Physiology 1 <i>and</i> 806208 Anatomy and Physiology 2
Human Physiology (incl. lab)	*806177 General Anatomy and Physiology <i>and</i> 806179 Advanced Anatomy and Physiology	*806207 Anatomy and Physiology 1 <i>and</i> 806208 Anatomy and Physiology 2
Psychology (introductory)	809 198 Introduction to Psychology	809 251 General Psychology
Sociology (introductory)	809 196 Introduction to Sociology	809 128 Marriage and Family 809 174 Social Problems 809 197 Contemporary American Society 809 271 Introductory Sociology
Human Growth and Development	809 188 Developmental Psychology	

* When anatomy and physiology are taught as part of a two-course sequence (i.e., A&P I, A&P II), students must complete both courses at the same institution.
