

Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to ugadmit@son.wisc.edu.
