N433 Essentials of Gerontological Nursing	3	N422 Advanced Concepts in Nursing Practice (must be taken with N449)	3
		N449* Nursing Care of Persons and Families with Complex Health Care Needs	4

Notes:

- The four nursing clinical rotations (one each semester) are designated with an asterisk (*).
- Students in the nursing Honors Program enroll in the honors section of N302 in Year One. They also complete N680 (1cr) in the fall of Year One and the N681/N682 Senior Honors Thesis (2-4cr) sequence in the fall and spring of Year Two.
- The combinations of N322/N419 and N422/N449 must be taken during the same semester. Nursing students are assigned to complete the N419 and N449 clinicals either fall/spring or spring/fall. The above Year Two program illustrates the plan when N419 is taken in the fall and N449 in the spring. When N419 is assigned to the spring term, the N322/N419 and N422/N449 combinations switch semesters; all other courses remain in the same semester.
- Nursing electives are offered each semester. Options may include: N510 Culturally Congruent Practice, N590 Community Engagement in Nursing, N590 Nursing Leadership in Global Health Settings, N470 School Nursing, and more.
