

Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to admissions@nursing.wisc.edu.

Prerequisite	Course Options (most common)	Alternative Courses (to satisfy prerequisite)
Chemistry (incl. lab)	NR.110.206 Chemistry with Lab	
Microbiology	NR.110.203 Microbiology with Lab	
Human Anatomy	NR.110.204 Anatomy with Lab	
Human Physiology (incl. lab)	NR.110.205 Physiology with Lab	
Psychology (introductory)	Not available	
Sociology (introductory)	Not available	
Human Growth and Development	NR.110.201 Human Growth and Development Through the Lifespan
