

Nursing Prerequisite Equivalency Guide

The School of Nursing created this equivalency guide to assist students in their prerequisite coursework planning. The following table shows the courses offered that meet our corresponding prerequisite requirements. It is important to remember this is only a guide. It is not necessarily an exhaustive list; other courses may fulfill these prerequisites. We strive to maintain current information; however course numbers and descriptions do change. Courses are officially evaluated as part of the application review process. For any particular course in question not listed below, please send a request for equivalency evaluation to admissions@nursing.wisc.edu.

Prerequisite	Course Options (most common)	Alternative Courses (to satisfy prerequisite)
Chemistry (incl. lab)	CHEMX19A General Chemistry I <i>and</i> CHEMX19.1A General Chemistry Laboratory I	CHEMX19B General Chemistry II <i>and</i> CHEMX19.1B General Chemistry Laboratory II
Microbiology	MCELLBIX134 Medical Microbiology	MCELLBIX115A Biochemistry MCELLBIX116 Cell Biology CHEMX36A Organic Chemistry I CHEMX36B Organic Chemistry II
Human Anatomy	INTEGBIX104 General Human Anatomy	
Human Physiology (incl. lab)	MCELLBIXB32 Introduction to Human Physiology <i>and</i> MCELLBIX406.1 Human Physiology Laboratory	INTEGBIX109 Mammalian Systemic Physiology <i>and</i> MCELLBIX406.1 Human Physiology Laboratory
Psychology (introductory)	PSYCH XBW1 General Psychology	
Sociology (introductory)	PSYCHX160 Social Psychology	
Human Growth and Development	PSYCHX140 Introduction to Developmental Psychology
